Dear Parent/ Guardian,

Assessment Information for School Based Assessment in Term 1 for Sec 3 Normal Technical Students

In 2018, MOE announced the changes to the School-Based Assessment Policy. From 2019, there will only be one weighted assessment per term for all academic levels with the removal of mid-year examinations for the Secondary 1 and 3 academic levels. These changes in the School-Based Assessment Policy will allow the students to have more time and space to deepen their learning in the different subjects through engaging in meaningful authentic learning experiences. We hope that these learning experiences will enhance their intrinsic motivation to learn and nurture them into life long learners.

We are thankful for your partnership in encouraging your child/ward to put in consistent efforts in their learning so that they will be able to do well in their termly assessment tasks and achieve their full potential.

Given below in Annex A and Annex B are the Secondary Three Normal Technical and Normal Academic assessment information in Term 1 for your information and support. As your child/ward may be taking subjects from different streams, please kindly refer to the relevant information in the respective streams as you guide your child/ward in his/ her assessment preparation.

Thank you.

Yours sincerely,

Sim How Chong (Mr)
Principal
